### NISEANS BY PARFUMS DE MARLY

Nisean by Parfums de Marly is a Amber Spicy fragrance for women and men. Nisean was launched in 2016. Top notes are Pink Pepper, Grapefruit and Lime; middle notes are Saffron, Labdanum, Flowers, Olibanum, Rose and Geranium.

"Nisean is a tribute to incense resins. A luscious combination with sensual leather accords heightened by smoked & milky hints provide nuance." - note from brand.

### NOTE OVERVIEW

Navbar will be used for this section! changing hue on click! The about page will redirect back to the index.html

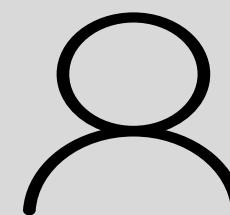

1X3 Grid spaced evenly. The bars are more vibrant and we now have icons which summarize info more cleanly! Also nice overview of assignments

Svg photos gotten from the website Issac posted on edstem!

Using divisions and headers to separate margins. The navbar above will be displayed to access areas quicker.

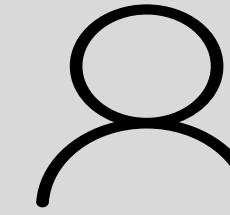

Ideally wanted to create a note pyramid and using a grid to align the notes, but it was way to hard so i opted from a list representation you can see in final mockup

If you noticed, the markeplace section got moved to this new navbar!

Utilized open source and sectioning and classes to styles css to make the comment section. Using align and justify content to achieve row representation

There's four total i left to display, ideally wanted to an arrow that would cycle new comments but that was beyond scope of assignment.
